- Voiceover & Radio

✓ **Wow casting directors with multiple audio & video reels**

You can add audio and video media from other sites such as YouTube, OurStage, and MySpace.TV, into your BackStage résumé. Upload as many as you want for easy viewing, without paying a penny extra.

✓ **Organize résumé credits**

Need to tailor your résumé to cater toward a specific role? Thanks to our improved credits/experience interface, it's a cinch to add to, organize, format, reorder and personalize your list of résumé credits.

✓ **Maximize exposure by linking your résumé to other websites**

Link your BackStage résumé to your pages on other websites, such as IMDb, iActor, MySpace, Facebook and others.

✓ **Build and edit résumés easily!**

We've improved our résumé builder/editor to save you time and effort. Just paste in pre-formatted text, tag your résumé with appropriate search tags, and add it to the Backstage.com talent database. The most complete and recently updated résumés will automatically float to the top of our search results.

You must be a BackStage.com subscriber to take advantage of all this. Go to [www.BackStage.com](http://www.BackStage.com) today!

✓ **Show them your stuff with unlimited headshots**

Upload as many headshots, comp cards, production stills and other photos as you want at no extra charge (unlike other casting sites that charge for each upload). **It's one more way we give you more value.**
